

ELITE SURGICAL AFFILIATES

YOUR EXPERIENCED PARTNER IN FACILITY OPERATIONS

TESTIMONIALS

From Patients

"The staff was beyond helpful and nice, especially to nervous parents of a 1-year-old child getting tubes. Elite made the difference in the surgical experience!"

—Parent of an ENT Patient

"The facility was clean and organized. I would highly recommend this facility to others."

—GI Patient

"I appreciated the care of the pre-op nurse and anesthesia provider; they made sure that I was comfortable and knew their names. They continued to check on me - bringing me warm blankets and making me feel like the only patient in the building."

—Ortho Patient

"The anesthesiologist called me the night before my procedure to make sure that I didn't have any questions or concerns. The surgeon was awesome and very helpful."

—ENT Patient

"The Elite staff was most helpful, which made the experience less stressful for me."

—Pain Management Patient

From Doctors

"I'm very pleased I became part of the Elite team. They're the most professional group of people I've worked with. I always feel up-to-date and informed with what is going on at the surgery center. I honestly feel they've become my friends, as well as very successful business partners. I highly recommend the Elite team, and I only wish I had met them sooner."

—Orthopedic Surgeon

"CEO Lori Ramirez and the Elite team has definitely been a blessing. Lori's main expertise is in surgical centers, but it does not stop there. One of the main reasons for Elite's success is her trustworthiness and her ability to connect people. Moreover, she has an amazing ability to connect to people, especially physicians, and build relationships. The whole Elite team continues with that standard, and I can tell you that there are not that many people that I could trust more than them. It's an honor to call the people of Elite partners and friends!"

TESTIMONIALS (cont.)

From Doctors

"My cases at Elite start on time, the equipment is first rate, and the surgical staff is extremely competent and professional. I've been involved with four other surgery center partnerships during my 26-year career, and Elite is by far the most well-run of them all. Elite has quickly become my favorite facility to work at, and my only regret is that I did not get involved with the Elite team sooner."

—Podiatrist

"I'm proud to be associated with Elite Surgical Affiliates. In a time of declining reimbursements and the rising cost of private practice, Elite has provided me with opportunities that have allowed me to maintain my independence as a physician in private practice and given me the financial freedom necessary to once again enjoy the practice of medicine. I give Elite my highest recommendation."

—Orthopedic Surgeon

"The Elite management team is a first-class organization. They're extremely responsive to their surgeon partners' needs. From a business perspective, the Elite management team has no peers in the Houston area. The surgery center is run very efficiently, and the medical staff that Elite has assembled is top-notch. The personnel who work at the center are extremely knowledgeable, hard-working, patient and friendly. My patients have uniformly raved about their care at Elite."

—Podiatrist

"I've been closely associated with management at Elite Surgical Affiliate for the past several years. I'm an orthopedic surgeon in the Houston area and have been practicing here for more than 30 years. I've never been affiliated with more talented or professional people. I would recommend them to anyone."
